

Cornell College

CORNELL FELLOWS

Cornell Fellowship Learning and Assessment Plan

The purpose of the Learning and Assessment Plan is to help guide the educational experience of the Cornell Fellow. Additionally, the Plan provides a framework to measure the success of the Fellow and of the fellowship as a whole.

I. Briefly describe the purpose and goals of your fellowship project (100 words maximum).

II. Identify three to five specific learning objectives for the fellowship experience. These can be a combination of professional and personal development objectives. For example, “*Develop a thorough understanding of the process involved with assessing loan risk.*”

1.

2.

3.

4.

5.

III. Describe the criteria that will be used to *assess progress* made on the fellowship project as well as the standards to *evaluate your work performance* at the fellowship site.

IV. Provide a detailed outline and timeline for your project from start to finish. Be sure to include specific tasks that must be accomplished, identify who you will need to work with to ensure success, and list major milestones that lead to completion of the project.
