

## Summer 2016 Dimensions Fellowships

Application Deadline: January 15, 2016

For more information: <http://www.cornellcollege.edu/cornell-fellows/>

Questions should be directed to Danielle D'Ambrosio (Dimensions: The Center for the Science and Culture of Healthcare) or Rebecca Sullens (Career and Civic Engagement Center).

### Dimensions Fellow in Research

Organization: The University of Iowa

Location: Iowa City, IA

Timeframe: Summer 2016

Application Deadline: January 15, 2016

Description: Students will be placed in a research laboratory at the Carver College of Medicine or School of Public Health. The choice of laboratory will depend on the availability of research positions. Previous students have worked in laboratories in cell biology, molecular physiology, and environmental chemistry.

Application Materials: Application information can be found on the Cornell Fellows website. Applications are to be submitted through JIVE no later than 4:30 pm on January 15, 2016. Application materials include a resume that has been reviewed by the Career and Civic Engagement Center staff before submission, a personal statement describing interest and how this experience would fit with future career goals, and an outlined budget of anticipated expenses. A letter of recommendation from the PI of your previous research project and a faculty member must be sent directly to Rebecca Sullens (RSullens). Qualified applicants will interview with Cornell Fellows faculty and staff as well as with the Dimensions Operations Committee.

Prerequisites: Cell and Molecular Biology (BIO 205) and 1 research experience

Note: You are ineligible for this opportunity if you have made a previous obligation to complete summer 2016 research at Cornell.
