Mission Statement:

Cornell Student Health Services promotes and provides quality student health care and education to enhance healthy lifestyles.

Program Goals:

1. Provide students high quality affordable health care.
2. Foster student awareness and use of the services available to them at the Health Center.
3. Engage students in health education via passive and active individual and group activities.

Intended Student Outcomes (3-5 recommended):

As a result of their experiences in our program, students will...

recognize the nurses' role as caretakers and advocates for their healthcare needs.

use the Health Center to meet the broad scope of their health and wellness needs.

demonstrate healthy lifestyle behaviors.

Learning Outcomes and Opportunities:

How do the specified outcomes support the College’s Educational Objectives; and where are students provided opportunities that will help them achieve these outcomes.

Curriculum Map:

Use the following grid – or one of your own making – to identify where educational opportunities [e.g., courses, programs, activities, etc.] introduce (I), reinforce (R), and/or emphasize (E) the skills/abilities necessary to achieve your intended outcomes. Include all intended outcomes and educational opportunities.
