

Library Instruction Session--Student Evaluation

Course: _____ Block: _____

Please mark the item that best describes your assessment of the instruction session you experienced during this block.

1. Content

1.1 Relevance

- _____ The content of the session was highly relevant to my assignment.
- _____ The content of the session was partially relevant to my assignment.
- _____ The content of the session was not appropriate for this class.

1.2 Degree of complexity

- _____ The content was at the right level of complexity and detail.
- _____ The session covered too much content.
- _____ The content of the session had too much detail.
- _____ The content of the session was too difficult.
- _____ I did not learn anything new.

3. Outcome

- _____ I applied information from the library instruction in my work, either in the sources used, in citations, or in other aspects of my final product
- _____ The content of the lesson did not help me with my assignment.

4. Resources

- _____ I got the resources I needed to do this assignment through the library, either by using resources in the library or by accessing resources through the library's web site or through inter-library loan.
- _____ The library had some information, but I had to supplement it by going to another library.
- _____ I did not use the library or its web site at all, either remotely or physically.

One resource I want to explore since I attended this instruction session:

One suggestion I would like to offer to the library:

A concept or skill I learned from this session:
