*Please complete this form and return to Emily Walsh, SGE faculty sponsor.
Responses must be typed.*

Name:

Year (1st Year, Sophomore, Junior, Senior):

Major GPA:

Cumulative GPA:

Geology courses completed:

Briefly describe (1-2 sentences each) 3 approved departmental service/outreach projects in which you participated.

Please answer **one** of the following (in 350-500 words):

- a. Describe how you integrated information from your geology major into your service/outreach projects.
- b. Why do you think Geology outreach is important? Describe what groups you feel should be targeted or what methods you feel are most effective.
- c. Why should non-majors at Cornell be informed about geology, and what would be the best ways to increase their geologic literacy?
