To: New Cornell Students
From: Student Health Services
Re: Health Forms

The Health Center Staff welcomes you to Cornell College! We are here to support you in any way possible during your time at Cornell. If you have a special need, or require assistance with a medical problem, please contact us at (319) 895-4292, or e-mail Nancy Reasland, Director of Health Services, at nreasland@cornellcollege.edu.

The college requires that all students have a current health history, physical, and record of immunization* on file in the Student Health Services office. Students not in compliance will have their course registration cancelled for Block 2. Medical forms are strictly confidential and are used by the Health Service team to provide care; the content of your medical record has no effect on your admission status.

Please download and complete the online health forms**. The forms should be uploaded to the student's online checklist via Slate by July 31st.** (Alternately, they may be mailed to: Student Health Services, Cornell College, 600 First Street SW, Mount Vernon, Iowa, 52314 USA. The forms may also be scanned to healthservices@cornellcollege.edu.)

*Based on The Centers for Disease Control and the American College Health Association guidelines, Cornell College requires all enrolled students to have proof of two MMR (measles, mumps, rubella) immunizations. Proof of natural immunity through documentation of positive mumps, measles and rubella serum titers may be substituted in place of vaccination documentation. No other immunizations are required for admittance; however, it is highly recommended that students receive the following vaccines: Meningitis, Hepatitis B, HPV, Chicken Pox and TDAP. Please consult your clinician regarding these vaccines.

Health Forms Checklist

☐ **Family and Medical History**: To be completed by the student before seeing a health care provider for a physical exam (pages 1 – 2).

☐ **Physical Exam**: Physicals must be current within one year prior to the beginning of the first day of classes (page 3). .

☐ **Required Immunizations**: You are required to present documentation of 2 MMR vaccines (page 4). **Students without documentation of MMR immune status will have their registration cancelled**.

☐ **Meningitis Vaccines**: Meningitis vaccines are strongly recommended for all college students; a booster shot should be administered at age 16-18. A Meningitis B Vaccine is also now available. Please discuss meningitis vaccination with your health care provider at the time of your physical. More information about this potentially fatal disease and how to prevent it can be found at http://www.cdc.gov/meningococcal/

☐ **Medical Insurance**: **Please verify that your insurance covers you while at college,** especially if you are from out of state. Be sure to copy the front and back of your insurance card on page 5 of the forms and make a copy for yourself to carry as well. If you do not currently have insurance, we encourage you to check out Healthcare.gov for insurance rates through the Marketplace or look into private coverage.

☐ **Student Athletes**: Please indicate the sport in which you will participate, and sign the Release of Information at the bottom of Page 2 so that the Athletic Department can have a copy of your physical.

Please return forms by July 31st.

Student Signature (Parent/Guardian signature only if student is a minor) Date

<u>It's strongly recommended that each student has health insurance that covers them in Mt. Vernon, Iowa.</u>
The Affordable Care Act allows students to stay on their parents' policy through age 26. Please check with your carrier to make sure you have coverage while away from home, especially if you are from out of state. Specific arrangements may need to be made to establish out-of-area coverage.

<u>Please attach a photocopy of the front and back of your insurance card.</u> In addition, each student should carry a copy of their own insurance card. Contact your carrier if an additional card is needed.

Cornell does not provide a student insurance policy. Go to www.cornellcollege.edu/student_health for more information.

Concussion/Head Injury***		Heart Murmur		Rheumatic Fever		**Other:**	

If you have checked any of the boxes above or another condition not mentioned, please note details here:

***How many concussions have you had in your lifetime?___________ Please note details below:

Have you ever been hospitalized or had any serious illness, injury or surgery? Yes No Please note details below:

Consent for treatment:

TO BE SIGNED BY STUDENT: (IF STUDENT IS A MINOR, PARENT/LEGAL GUARDIAN SIGNATURE ALSO REQUIRED.)

In case of serious illness or accident, I give Cornell College or its representative(s) permission to secure emergency medical and/or surgical care that is considered necessary. I agree to pay all medical costs.

Student signature - must sign | Parent/Guardian signature only if student is a minor | Date

Meningitis Information Statement: Important! Please Read!

TO BE SIGNED BY STUDENT: (IF STUDENT IS A MINOR, PARENT/LEGAL GUARDIAN SIGNATURE ALSO REQUIRED. My signature below indicates I am aware that a vaccine is available for the prevention of certain types of meningitis, and that the vaccine is highly recommended for college students who may want to decrease their risk of contracting meningitis**. I am also aware that if I had this shot prior to age 16, a booster is indicated. I am aware that a Meningitis B vaccine is also now available**. More information is available: http://www.cdc.gov/meningococcal/

Student signature | Parent/Guardian signature only if student is a minor | Date

For NCAA athletes only: *By signature, I authorize Health Services to release of a copy of my history and physical to the Cornell College Athletic Training Staff.* ***Please circle below the NCAA sport(s) in which you will be participating.***

Athlete's signature – circle sport below | *Parent/Guardian signature only if student is a minor* | Date

Circle which sport(s) you plan to participate in: **Cheerleading Track and Field Football Tennis Soccer Cross Country Volleyball Basketball Wrestling Baseball Softball Lacrosse**

Physical Examination (*To be completed by MD, DO, NP or PA*)

To the Examiner: Please review the student's report and complete this physical exam form with comments on all positive answers. Since this student has already been accepted for admission, the information supplied will not affect his or her status and will be used only as background for providing any needed care by Cornell College Student Health Services. **This form should be given to the student, who will return it to Health Services. Note: the meningitis shot is highly recommended, including a booster at age 16.**

Date of Birth ____________ Social Security Number ________ - ________ - ____________

TO BE COMPLETED AND SIGNED BY YOUR HEALTH CARE PROVIDER (must be in English)

REQUIRED Immunizations – *Registration will be held until documentation of 2 MMR's is received.*

Measles/Mumps/Rubella	**Dates**	**Clinic or Vaccination Site**
Dose #1 (month/day/year)	________	____________________________
Dose #2 (month/day/year)	________	____________________________

Proof of natural immunity through documentation of positive mumps, measles, and rubella serum titers may be substituted in place of vaccination documentation. Please attach supporting labs.

RECOMMENDED Immunizations

Meningococcal-ACWY #1________ #2________ ____________________________

College students are at special risk - Adolescents 11-18 years of age, including college students living in residence halls should receive the meningococcal vaccine. http://www.cdc.gov/meningococcal/

ACIP Meningitis Vaccination Recommendations:

1. The initial ACWY vaccine should be given at 11-12 years of age with a booster dose given at 16 years of age.
2. If the initial vaccine is given at 13-15 years of age, a booster dose should be given at 16-18 years of age.
3. If the initial vaccine is given at 16 years of age or older, no booster dose is required.

Tetanus/Diphtheria (series date completed) _______ ____________________________

Most recent booster ________ Tdap / Td ____________________________

Polio (series date completed) __________ ____________________________

Adult polio booster __________ ____________________________

Hepatitis A #1 _______ #2________ ____________________________

Hepatitis B #1 _______ #2_______ #3________ ____________________________

Chicken Pox/Varicella #1 ________ #2________ ____________________________

Gardasil #1 ________ #2________ #3________ ____________________________

OTHER Immunizations

NEW from ACIP: Adolescents and young adults aged 16–23 years may also be vaccinated with a serogroup B (MenB) vaccine to provide short-term protection against most strains of serogroup B meningococcal disease. Serogroup B accounts for approximately 40% of meningitis cases on college campuses. For more information on meningitis and this vaccine, go to: http://www.nmaus.org/

Meningitis B **#1**_______ **#2**_________ ____________________________

Tuberculosis (TB) Risk Assessment : *Name:*______________________________ *Birthdate*___________

To be completed by your healthcare provider. Persons with any of the following are candidates for either Mantoux tuberculin skin test or Interferon Gamma Release Assay, unless a previous positive test has been documented.
Persons with no known risk factors should complete this form, but DO NOT need testing.

Risk Factors		
Recent close contact with someone with infectious TB disease	☐ Yes	☐ No
Foreign-born from, or travel to endemic region (Africa, Asia, Russia, Eastern Europe, Central or South America)	☐ Yes	☐ No
Fibrotic changes on a prior chest x-ray suggesting inactive or past TB disease	☐ Yes	☐ No
HIV/AIDS	☐ Yes	☐ No
Organ transplant recipient	☐ Yes	☐ No
Immunosuppressed (equivalent of >15mg/day of prednisone for > 1 month, or TNF-a antagonist)	☐ Yes	☐ No
History of illicit drug use	☐ Yes	☐ No
Resident, employee, or volunteer in a high-risk congregate setting (e.g. correctional facilities, nursing homes, homeless shelters, hospitals, etc.)	☐ Yes	☐ No
Medical condition associated with increased risk of progressing to TB disease if infected - list name of disease ______________________________	☐ Yes	☐ No
Does the student have signs or symptoms of active tuberculosis disease?	☐ Yes	☐ No

If **No** to all of the above, no testing is needed. . If **Yes** to any question, proceed with additional evaluation to exclude active or latent tuberculosis disease including tuberculin skin testing, chest x-ray, and sputum evaluation as indicated.

1. Tuberculin Skin Test (TST) – *should be recorded as millimeters of induration, transverse diameter**

Date given: ___/___/___ (M D Y) Site: L R forearm Date read: ___/___/___ (M D Y) Result: ____mm induration

Date given: ___/___/___ (M D Y) Site: L R forearm Date read: ___/___/___ (M D Y) Result: ____mm induration

2. Interferon Gamma Release Assay (IGRA)

Date obtained: ___/___/___ (M D Y) Method: __________ Result: Negative___ Positive___ Intermediate___

Date obtained: ___/___/___ (M D Y) Method: __________ Result: Negative___ Positive___ Intermediate___

3. Chest x-ray: (Required if TST or IGRA is positive)

Date of chest x-ray: ___/___/___ (M D Y) Result: normal____ abnormal_____ (please specify)

Signature of clinician completing this form___________________________________ Date: ____/____/____ (M D Y)

***Interpretation guidelines**

>5mm is positive:

- **Recent close contacts of an individual with infectious TB**
- **Persons with fibrotic changes on a prior chest x-ray consistent with past TB disease**
- **Organ transplant recipients**
- **Immunosuppressed persons: taking >15 mg/d of prednisone for >1 month, taking a TNF-a antagonist**
- **Persons with HIV/AIDS**

>10mm is positive:

- **Persons born in a high prevalence country or who resided in one for a significant amount of time**
- **History of illicit drug use**
- **Mycobacteriology laboratory personnel**
- **History of resident, worker or volunteer in high-risk congregate setting**
- **Medical condition associated with increased risk of progressing to TB disease**

>15 mm is positive:

- **Persons with no known risk factors for TB disease**

- ❑ I have copied the front and back of my insurance card on this page. (I understand I should obtain and carry a copy of my card with me.)
- ❑ I currently do not have health insurance. (Please go to **www.cornellcollege.edu/student_health** for more information on health insurance and coverage options. Insurance is strongly encouraged.)
