

IM Dodgeball Rules

1. The Dodgeball court uses the Volleyball court as boundaries, with a centerline and 2 sidelines.
2. Dodgeball is primarily self-refereed, and played with the honor rules. Referees start the game, confirm hits and catches, and count ball possession time.
3. There are 6 balls, lined up evenly along the centerline. During the opening rush (when the game starts), you may only grab one ball per person.
4. You are out if:
 - a) You step on or over a sideline or centerline;
 - b) A thrown live ball hits your body; or
 - c) You throw a live ball and it is caught by an opponent.
5. A thrown live ball can only hit out 1 player. Thrown balls that hit the ground, the wall, other balls, or other objects before hitting the opponent are considered dead balls, and are ineligible to hit players out.
6. You may block a thrown ball with a held ball. However, if you drop the blocking ball during the act of blocking, or if you fail to make a clean block (as in the thrown ball still ends up hitting or grazing your body afterwards), you are out.
7. If you are out, line up on the side in the order you got out. If your teammate catches a ball, the player at the start of your team's "resurrection" line comes back into play (the teammate must be in the line at the time of the catch to be eligible to be brought back in). You must come back in to the game in the order that you were knocked out and are lined up.
8. You can only hold a ball for 10 seconds, afterwards, it will be considered dead. Dead balls need to be rolled over immediately to the other team.
9. If the game comes down to 1 player per side, they have 10 seconds to hit each other out; if not, "Showdown" comes into effect. The game is paused, each player gets two balls, two balls are lined up at the ends of the centerline, and the centerline is dissolved. The first player to get the other player out wins.
