

ENVIRONMENTAL STUDIES

This document is a tool approved by the department as a complete and accurate checklist for 2018-2019 Catalogue. Students who are meeting requirements with other courses than listed below must ask their advisor to file the waiver/substitution form (<http://www.cornellcollege.edu/registrar/gb-resources-faculty>). Students are expected to complete the major and minor requirements that were in effect at the time of Spring registration for their second year of courses. Transfer students who are admitted with sophomore or higher standing satisfy the requirements in effect when they begin their first course at Cornell. Students who have withdrawn from Cornell and are later readmitted follow the requirements in effect at the time of their readmission. Exceptions may be made by the department concerned in response to the student's petition, provided that such changes are feasible for and agreeable to the department.

Major: A minimum of 13 courses is required to include:

	Completed	To Be Completed
--	-----------	-----------------

1. Any **one** of the following courses:

ENV 101, GEO 105, GEO 122, PHI 109, PSY 109	_____	_____
