All-Gender Housing Request Form
Residence Life Office

Cornell College

Students interested in living within an all-gender housing environment should complete this form.

Residence Life recognizes that traditional housing options do not meet all students' needs, in particular regarding a student's gender identity or gender expression. To this end, Residence Life offers all-gender housing for upperclass students. The following buildings have all-gender rooms available:

- 10th Avenue Apartments
- Armstrong House
- Cottage House
- Merner Hall (2nd, 3rd and 4th floors only)
- Pfeiffer Hall (1st and 2nd floors only)
- Russell Hall
- Smith Hall
- Wilch Apartments
- Floor(s) designated during summer housing (only when available and could vary from summer to summer)

For students interested in living in an all-gender room in the suites, apartments or houses, Residence Life needs this form on file before the appropriate lottery. For students interested in living in an all-gender room in the traditional residence halls, Residence Life needs this form before the general room draw process begins so that we can accurately predict housing needs. Refer to our important dates for specific deadlines.

Students are not guaranteed an all-gender room in a particular building. Students must follow all lottery procedures for each building and must meet all eligibility requirements as detailed on each lottery page.

Additional Information
Refer to http://www.cornellcollege.edu/residence-life/housing/room-selection/index.shtml for complete rules, dates and policies.

Information Needed

Complete the number of boxes necessary for your preferred group size.
