

# Summer Housing Application

## Residence Life Office

### Description

Summer housing will be located in Russell Hall. Russell Hall houses a maximum of 96 students in a mix of single and double rooms. The lower level has a lounge space, study room, laundry and a full kitchen. The upper floors each have a kitchenette. All rooms are air-conditioned. Room placement will be determined by gender-identity designation availability, fall housing assignments and roommate preferences. The Office of Residence Life will work towards meeting preferences indicated below but it will not be possible in all cases.

### Room preference:

- **Please note while your preference will be considered, we may not be able to accommodate them as we work to ensure each suite made available is fully occupied. (For example, preferencing a single does not mean you may not be placed in a double room)**
- Due to the private nature of suite-style living, while individual suites may be occupied by folks of the same gender identity, each floor in Russell is considered all-gender housing.
- Summer residents will be housed in either a single or double room within a four-person suite. Suites will be filled based on contract dates to help ensure suites are occupied and emptied at relatively the same time. For example, if you are here for the entire summer, you'll be housed with others here the entire summer. If you're here for eight-weeks, you'll be housed with others here for eight weeks, and so on until all students are assigned a space.
- If you would like to preference to fill a suite with specific people, please complete the form on the back of this contract. Preferences must have people listed for all four bed spaces in the suite. All four students on the preference form must list information for all of their suitemates or their request will not be considered. If you don't have a full suite, but would like to preference a double room with a roommate, please do that below. Singles will be randomly assigned and any remaining students to be housed will be placed in a double room with another student on a similar contract length.
